

FIG. 1

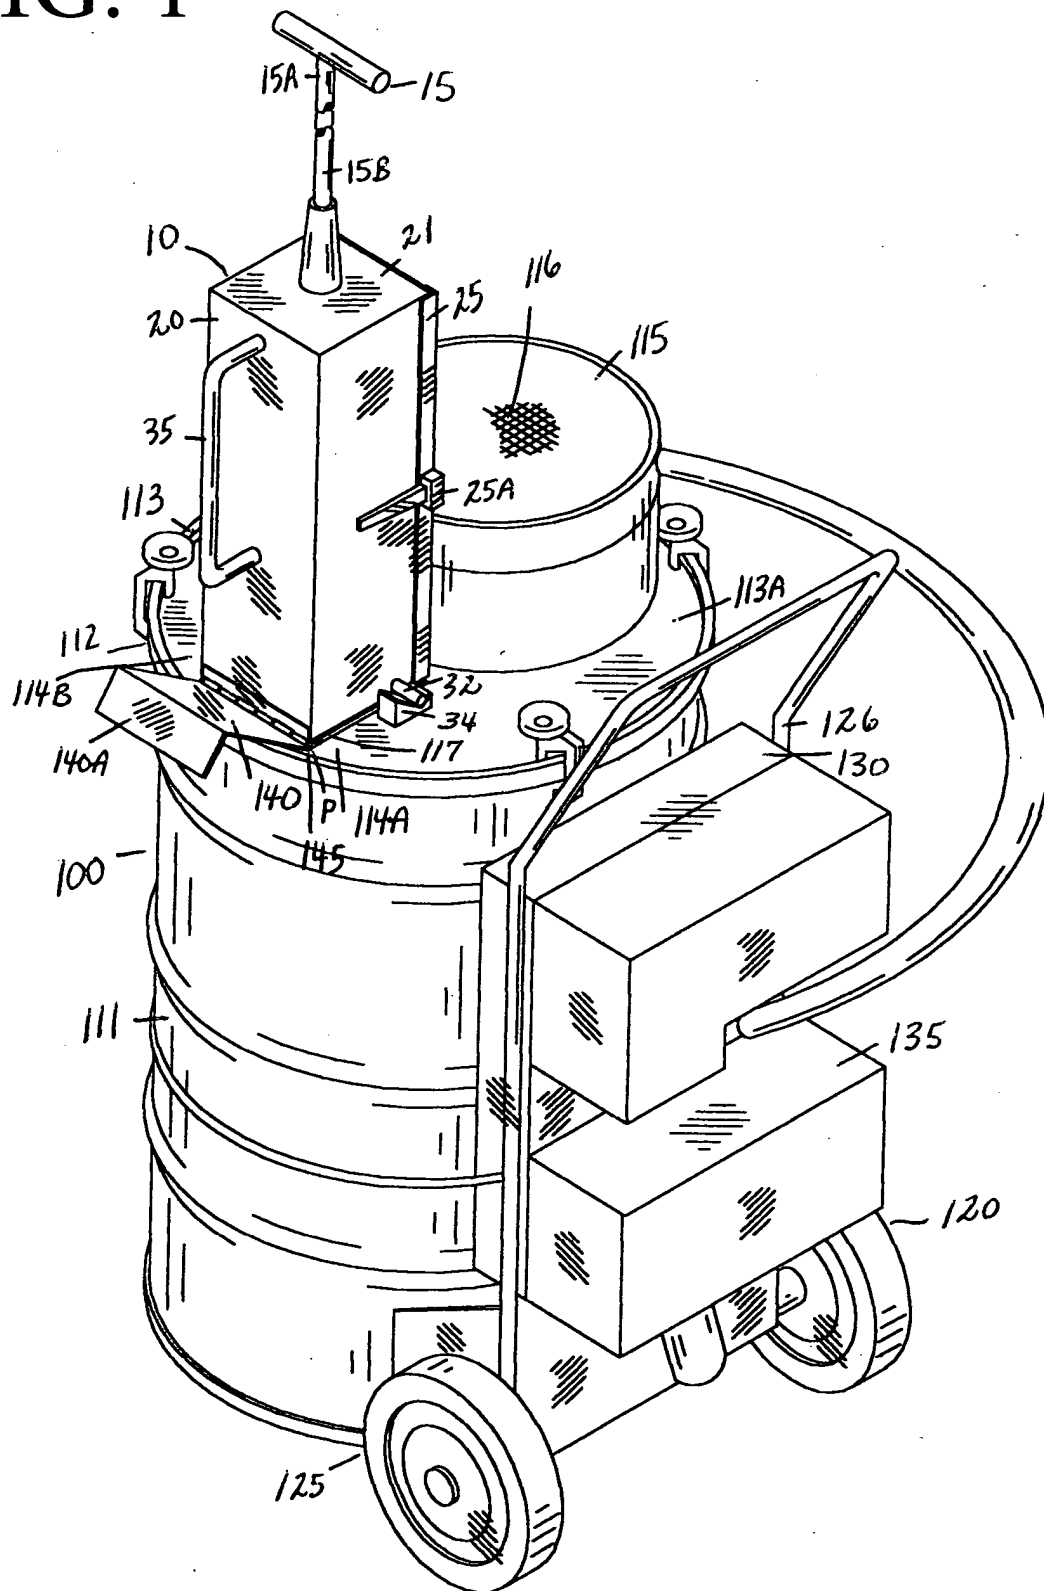

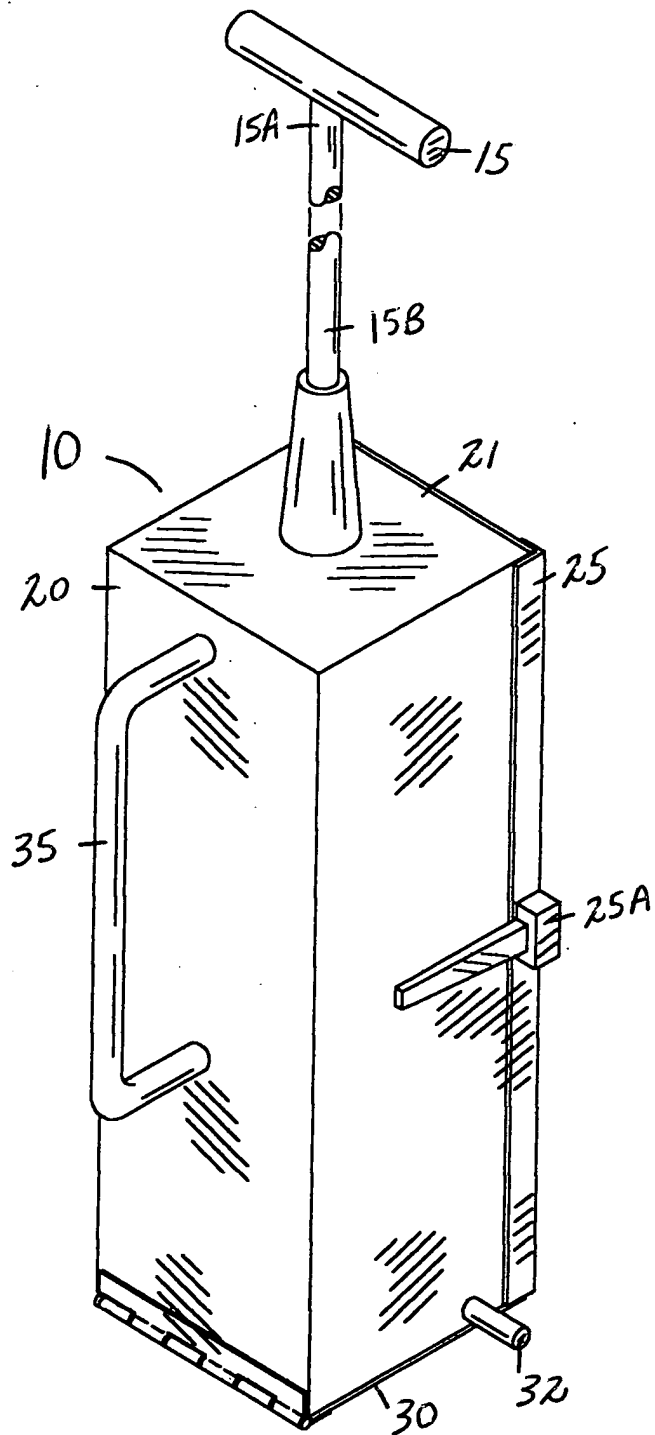

FIG. 2

# FIG. 3

FIG. 3 is a perspective view of a foldable structure 10 in an open position. The structure includes a top member 15 with a handle 15A and a shaft 15B. A central member 20 is connected to the shaft 15B and a base member 30. A side member 25 is connected to the central member 20 and the base member 30. The structure is shown in a partially open position, with the side member 25 and base member 30 being folded outwards. The central member 20 is shown in a partially folded position, with a hinge 21 and a latch 22. The base member 30 is shown in a partially folded position, with a hinge 32 and a latch 35. The side member 25 is shown in a partially folded position, with a hinge 25A and a latch 25B.
